Booklets

'Commusication' Booklet and CD

£10 from your trainer or **£12.50** (inc p&p)

'Commusication' summarizes the central aim of *Soundabout*: a two-way communication through musical activities. In the booklet you will find examples of the techniques *Soundabout* uses to stimulate a response from young people who have severe learning and physical difficulties. The accompanying CD illustrates the examples in the booklet.

The Soundbeam in Special Education:

£10 from your trainer or **£12.50** (inc p&p)

'Movement into Music' Booklet by Pete McPhail This booklet is intended for those who would like to use the Soundbeam in the context of special education. Although the author's area of special interest is in working with children with profound and multiple learning disabilities, in this booklet he has covered a wide range of ways in which the Soundbeam can be used.

'Commusication at Home' Booklet & CD

£10 from your trainer or **£12.50** (inc p&p)

An adaptation of 'Commusication' Booklet and CD designed specifically for parents, carers and siblings of severely disabled children and young people. This booklet sets out *Soundabout* activities to try out and develop at home.

Videos and DVDs

'Commusication at Home' Video or DVD

£5 from your trainer or **£7.50** (inc p&p)

This training video aims to encourage families and carers of severely disabled children to try some *Soundabout* games and activities at home without any special equipment and with all the family taking part.

Hello! Visual Stimulation Video or DVD

£3 from your trainer or **£5.50** (inc p&p)

This video is designed to encourage children with profound visual and motor impairments to use their eyes more actively. Visual stimulation programmes try to convince such children that they can gain pleasure from light in its many different manifestations. With regular practice they will probably learn to localize moving lights such as are found in a darkened multi-sensory room. Later, they may be able to transfer these skills to an enhanced real-world environment.

Twinkle Video or DVD

£5 from your trainer or **£7.50** (inc p&p)

A journey through the galaxies in the company of Twinkle, a visually stimulating little star-friend. Patterns of sound, silence, light and colour are integrated into high quality video graphics, specially designed for young people with severe learning difficulties and/or visual impairment.

'Sound moves' Video

£5 from your trainer or **£7.50** (inc p&p)

This is a 45 min video made by *Soundabout* in collaboration with RNIB. It illustrates *Soundabout* techniques and also shows a wide range of music educational activities which teachers, carers and therapists can undertake with children who have severe or profound multiple learning disabilities.

The Soundabout Experience DVD

£10 from your trainer or **£12.50** (inc p&p)

This DVD can be used as an introduction to staff training days in special schools or to complement staff training by repeating and amplifying the points covered during the sessions. It can be used to study the examples of *Soundabout* activities and pupils' reactions to them in a greater number of situations and in greater depth than is possible in any single classroom setting.

All prices quoted include postage and packing within the UK.
